RAFFLES BALI JIMBARAN BAY

Raffles is Bali's best kept secret. Situated on 24 hectares of private beach front, the property is far removed from the commercial centres and has a distinct air of exclusivity about it.

With only 28 one bedroom and 2 two bedroom villas, the property is the domain for the intimate incentive program where a complete buy out is possible. Each of the villas stand within a manicured garden, and opens onto an al-fresco dining area and infinity pool, with sun deck on one side and a plushcushioned gazebo on the other.

Although much care and attention to detail have gone into the buildings themselves, the structures take a back seat, allowing guests to immerse themselves in experiencing the harmonious space, rather than simply observing it. Day 2

ULU LANDMARK SAFARI BY JEEP BUKIT

In the early afternoon you will depart by Landrover to Garuda Wisnu Kencana, or known as GWK, home to the tallest statue in Indonesia. The towering statue is Bali's most iconic landmark and depicts the Hindu God Wisnu, atop his mount of the mythical eagle, Garuda. The Garuda is the national emblem of Indonesia, an enduring symbol of freedom from oppression. Soaring to a height of over 120 meters, this is one of the tallest monumental statues in the world, higher than both the Statue of Liberty and Christ the Redeemer.

Enjoy afternoon drinks at the panoramic Jendela overlooking Jimbaran view.

Continue to Uluwatu Temple, perched on a cliffside 70 metres above the crashing waves of the Indian Ocean. The temple is small but spectacular.

Several archaeological remains dating back to the tenth century have been found at the site, and the monkeys that live in its surrounding forest are said to be the temple's guardians.

Return to your hotel thereafter by jeep.

Inclusions :

- Return transportation by Jeep
- Private touring
- · Cocktails and light snacks at JendelaE

**Note:** For an additional enhancement add in a scenic helicopter flight over Uluwatu and the Bukit Peninsular

QUAD BIKE ADVENTURE IN THE HILLS DEPART 09:00

We head further into the hills and bucolic countryside of Gianyar Regency to a Quad Bike base for an afternoon of fun and adventure.

The quad bikes are professionally maintained and the team behind this activity ensures safety comes first. A trail run and lesson are conducted before hand.

We then commence to enter the jungle encroached valley as we conquer muddy terrain, transverse bamboo forests and enter viaducts and tunnels submerged in water. As we exit the tunnel we drive under waterfalls flowing down from the cliffs for a refreshing natural shower.

But it is not just the terrain we cover that captures our adventurous spirit but also the plantations and villages that see few foreign visitors in this part of Bali coupled with the gorgeous panoramic views of the hills and mountains.

We recommend regular t-shirt and shorts for this excursion as all guests are guaranteed to get wet and muddy, although showers and changing rooms with fresh towels are available upon our return to base.

Drinks and snacks can be provided as requested.

#### Inclusions :

- Return transportation
- Professional ATV Ride Instructor
- Private debrief and instructions
- 90 mins escorted ride (1 quad per guest)
- Use Of Towels And Shower Facilities
- · Refreshments, snacks and drinks

LUNCH at TEMPAYAN

The Tempayan at Tanah Gajah offers unobstructed panoramic views of rice fields and the tropical jungle beyond from every table.

A backdrop that is almost enough to distract from the gastronomic pleasures ahead. When you visit The Tempayan, settle onto a padded cane chair in the airy dining room under the traditional Balinese thatched roof for breakfast, lunch and dinner, when countless candles flicker amidst the paddies.

Central to The Tempayan's essence is its fusion of Authentic Balinese Cuisine and Western Classics. Local rice graces plates, while Singapore-native Chef Dean Nor's long standing culinary expertise enhancing global flavors. Inspired by Tanah Gajah's heritage, The Tempayan, a Resort by Hadiprana, embodies timeless Balinese pavilion design. Amid serene rice paddies, an architectural marvel awaits.

Relax under the fresh breath going through this open restaurant before heading out to explore Ubud and surroundings.

- Private section of restaurant or exclusivity (pending group size)

- Free flow wine, beer, soft drink x 2 hours

### UBUD IN FOCUS

After lunch we will introduce you to the creative heartland of Ubud and its surrounding areas.

First, it's time to visit the monkeys at the Sacred Monkey Forest. This magical forest is home to 700 monkeys, 186 tree species, and 3 temples.

Here we can explore the vast jungle with our travel expert, who will ensure that you are not bothered too much by the cheeky Balinese monkeys that call the forest home.

We wave goodbye to our monkey friends and continue our visits outside the town.

You will drive to Manukaya Village, home of Bali's most famous water temple, Tirta Empul. The temple is said to possess curative qualities and is dedicated to Vishnu, the Hindu God of Water. Next we depart for Tegalalang, home to some of Bali's most impressive rice terraces. The area is well-known for its innovative subak, the irrigation system that breathes life into the terraces and is believed to date back as far as the eighth century.

After enjoying countless photo opportunities at the rice terraces, we make our way to a local village outside of central Ubud,

### Afternoon Event PRIVATE TEMPLE KECAK PERFORMANCE

PRIVATE TEMPLE KECAK FIRE DANCE PERFORMANCE UBUD (UNDISCLOSED LOCATION)

At the culmination of our Ubud program we drive through the backroads of the region to a local village temple that has been exclusively reserved for our group.

Under a tented canopy in the main courtyard we are served refreshments and receive an introduction and educational briefing on the performance we are about to see as the sun goes down.

Kecak dance is said to originate from a Balinese ancient ritual called Sanghyang, aimed as a form of exorcism or to repel evil spirits in which dancers fall into a trance. The dance first appeared in 1930, after Balinese dancer, Wayan Limbak worked together with German painter Walter Spies to create a dramatic performance by incorporating the epic Ramayana saga.

Whilst the dance of Kecak is arguably Bali's most popular and recognised, it can be seen in various forms on the island. Rather than deliver a typical 'tourist' experience the troupe that perform in this private location are considered the most professional and dedicated to their art, containing some 60 individuals that deliver the most enthralling spectacle.

The drama builds as male members of the troupe shoot fire from their mouths into the air keeping the evil spirits at bay. An amazing human voiced orchestra is led by a soloist, who is in charge of indicating the high and low notes, and also acts as narrator. The effect, after a while, is to provide a wall of dramatic sound against which the action of the play is enacted.

- Transportation
- Private temple hire
- $\cdot\;$  Tented canopy set up with chairs
- Refreshments and snacks served
- 1 hour professional Kecak dance performance

#### ISLAND GETAWAY TO NUSA LEMBONGAN NUSA LEMBONGAN

Today, you will sail for the islands of Nusa Penida & Nusa Lembongan. The islands are an approximate 60-minute cruise away, and the day is yours to do with what you want.

The first stop of the day is to a specially designed pontoon off the coast of Nusa Lembongan island with views across the bay out to the Indian ocean. You can enjoy some drinks here while watching some surfers ride the waves.

When in time for lunch, we crossed to a Cafe on the shore where the surf and turf will be served.

Take a refreshing dip in the ocean before jumping back on board to our boat and head to Manta Point,

You might be lucky in spotting groups of manta rays gather at the reef area surrounding this large rock to visit the cleaning stations, mate, eat and do all those things manta rays do. Here we can stop to snorkel and swim with these impressive creatures as we watch them glide below us. Sailing up the island's west coast, we can see Angels Billabong and Broken Beach from a different perspective as we make our way up to Crystal Bay, one of Nusa Penida's most beautiful beaches.

### BALI BLESSING & PUPPET MASTER CLASS

Today's program will take you on a journey to discover the spiritual and artistic side in the central area of Bali. The program will start at the Taman Beji Griya waterfall, a relatively unknown waterfall that was only recently opened to the general public. The area will be privatised for your visit.

Led by a local priest you will partake in a purification ceremony (Melukat), which consists of 4 stages. The Melukat involves chanting, offerings, meditation, prayer, and a ritualistic bath in the holy spring water, known as "Tirta". Holy water forms the basis for a large number of rites and rituals in Bali, including christenings, cremations and numerous Hindu occasions.

After melukat finishes, drying off and changing your clothes, we depart for Sukawati.

Immerse yourself in the captivating world of wayang kulit, an ancient Indonesian art form that traces its roots back to the arrival of Hinduism from India. Long before the Islamic and Christian eras, the influence of Hindu culture thrived in Indonesia, with Sanskrit becoming the esteemed literary and court language of Java and Bali.

Today, you have the extraordinary opportunity to engage in a hands-on experience that delves into the intricate craftsmanship of wayang kulit.

After this special experience we head off to lunch at a local restaurant nearby.

### EVENT AT THE WHITE OCEAN TERRACE

The White Ocean Terrace venue is an elegant luxury villa, perfectly designed to create a balance between antique javanese joglos and modern style structures. The Villa's setting on a clifftop location that reveals the unspoiled white sands of Nunggalan Beach offering 180 degree panoramic sea views, ocean sunsets and a breath-taking canopy of stars at night. Whilst Bali is spoilt with luxury villas, there are few that can cater to events in such a spectacular setting.

The poolside is the setting for an elegant dining set up, within the backdrop of the ocean and the delightful Javanese architecture of the joglos (Java villas) that are located to each side of the pool.

Whilst traditional Balinese entertainment can be brought in, the elegance of the venue and its setting is more aligned with a jazz troupe dressed in white, a string quartet or contemporary pop to dance the night away.
