### UBUD ARRIVAL

UBUD, BALI

An events program to Ubud can be far different from a coastal offering. Culturally rich and visually gorgeous, the region is filled with adventurous activities for a younger crowd but also one that appreciates art, design and cultural history.

Some of Bali's finest hotel properties are also located here, most hidden high up cliffs or deep in the forested valleys. They are the epitome of sophistication and luxury meeting authenticity in their cultural assimilation within the environment.

For a client that has been to Bali before, an events program centred around Ubud is to see and experience the island away from the commercial and partying south and to truly feel the rewards of the island's rich cultural heritage that enamours all that come here.

## PADDIES & PEDDLES – A DOWNHILL CYCLE RIDE FROM KINTAMANI TO UBUD

DEPART : 08.30 / RETURN 14:00

Transfer to the cooler climates of Batur Village, where your cycling guide will meet you.

Enjoy a refreshing cup of tea at a local restaurant and take in the beautiful countryside views as your guide briefs you about today's cycling tour. We will set off on a leisurely downhill bike ride from Batur to Ubud using modern and well-equipped mountain bikes.

The first stop is a local temple where your Balinese guide will introduce you to Hinduism and its importance in the day-to-day lives of the Balinese people.

The tour then takes us on a journey through peaceful countryside villages, where you can witness the various agricultural communities tending to their crops.

A pop up picnic/snack set up is found in the middle of the countryside where refreshments are served and maybe, just maybe, a glass of wine or a refreshing beer!

Using quiet backroads and small paths across rice fields and plantations, we can take in the countryside air and enjoy the slower pace of life before reaching Ubud, where our tour concludes at one of the town's famous cafes.

**Note :** The cycling distance can be shortened to commence at a halfway point or any distance required. Electric bikes are also available but need to be used on a different route.

Option to end the activity with Afternoon Tea at Embers Farm.

### Inclusions :

- Return transportation
- Bicycle hire (motorbikes for back up)
- Pop up picnic set up in fields (bento boxes can be provided)
- Refreshments, snacks, drinks
- All activities and arrangements

PRIVATE TEMPLE KECAK PERFORMANCE

PRIVATE TEMPLE KECAK FIRE DANCE PERFORMANCE  
UBUD (UNDISCLOSED LOCATION)

In the late afternoon (1600 depart) we drive through the backroads of Ubud to a local village temple that has been exclusively reserved for our group.

Under a tented canopy in the main courtyard we are served refreshments and receive an introduction and educational briefing on the performance we are about to see as the sun goes down.

Kecak dance is said to originate from a Balinese ancient ritual called Sanghyang, aimed as a form of exorcism or to repel evil spirits in which dancers fall into a trance. The dance first appeared in 1930, after Balinese dancer, Wayan Limbak worked together with German painter Walter Spies to create a dramatic performance by incorporating the epic Ramayana saga.

Whilst the dance of Kecak is arguably Bali's most popular and recognised, it can be seen in various forms on the island.

Rather than deliver a typical 'tourist' experience the troupe that perform in this private location are considered the most professional and dedicated to their art, containing some 60 individuals that deliver the most enthralling spectacle.

The drama builds as male members of the troupe shoot fire from their mouths into the air keeping the evil spirits at bay. An amazing human voiced orchestra is led by a soloist, who is in charge of indicating the high and low notes, and also acts as narrator. The effect, after a while, is to provide a wall of dramatic sound against which the action of the play is enacted.

**Inclusions :**

- Return transportation
- Private temple hire
- Tented canopy set up with chairs
- Refreshments and snacks served
- 1 hour professional Kecak dance performance

**DINNER OPTION : MOZAIC or EMBERS**  
UBUD DINING

Mozaic Restaurant is one of the 'oldest' gastronomic restaurants in Ubud. It is located near the centre on a beautiful property which features a large bar at the entrance, an indoor and outdoor dining area, and a private pavilion out in the garden with its beautiful setting between green surroundings and atmospheric, dimmed lighting.

At Mozaic, South-East Asian flavours still form the basis for each dish. International, luxurious ingredients like truffle, lobster and foie gras are merged with local Indonesian flavours and prepared with European techniques. Interested in a more exclusive dining experience? By special arrangement, Mozaic offers private dinners with the chef in the dining room adjacent their teaching kitchen. You can opt for a surprise or collaborate with the chef to create your own menu.

Unlike anything else in Ubud, Embers Restaurant is all about celebrating Mediterranean traditions in all aspects of the dining experience, from the craft of fine cooking (and the drool-worthy menus to boot), to the company of good people in a stunningly contemporary space, and the night's sky dancing above.

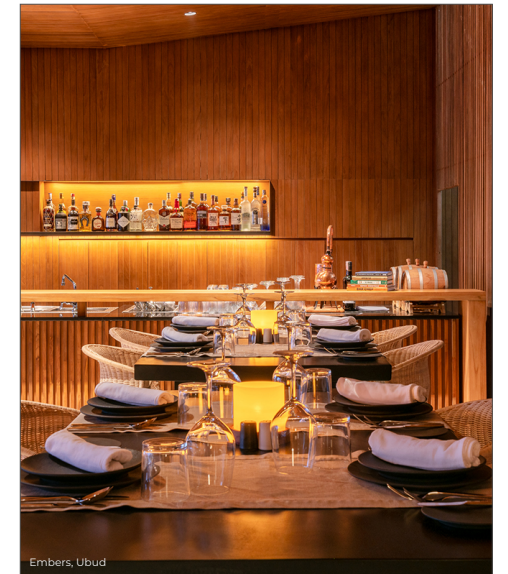

And the kicker? The ingredients used in each sublimely-presented dish are freshly harvested and grown like earth-to-table on the restaurant's very own organic farm, paired with locally-sourced meat and seafood and a fabulous drinks list that pays tribute to the spirit and flavours of The Med.

**Inclusions :**

- Return transportation
- Private section of restaurant or exclusivity (pending group size)
- Customised dining menu
- Free flow wine, beer, soft drink x 2 hours

Telaga Waja River

### THE TELAGA WAJA RIVER RAFTING EXPEDITION (SIDEMAN)

DEPART 0830 - 1500

The Telaga Waja river is classified as rapids level II-IV, making it more exciting and challenging than its more commercial, and heavily toured Ayung River, near Ubud.

After periods of rain it is a 20kms stretch of constant rapids and white water, making it well worth the extra effort to get here. On some days we might well be the only group rafting!

The lush, heavily forested scenery is sublime and the sheer towers of vegetation is visually striking. It is very much Bali as it used to be and still is in these parts.

At the end of our river exploration we break for food and drink in a garden setting overlooking the river before we return to our van to climb out of the valley.

What better way to return to Ubud than by helicopter, flying over the river that we have just navigated and past spectacular mountain scenery, before landing at Ubud's only landing pad at the Viceroy Resort. From there, vehicles await to whisk us back to our hotel for the evening.

#### Inclusions :

- Return road transfers (90 mins)
- Helicopter charter (group are split)
- 2 hour Rafting expedition with instructors
- Private setting for drinks and snacks
- Private lunch at journey's end

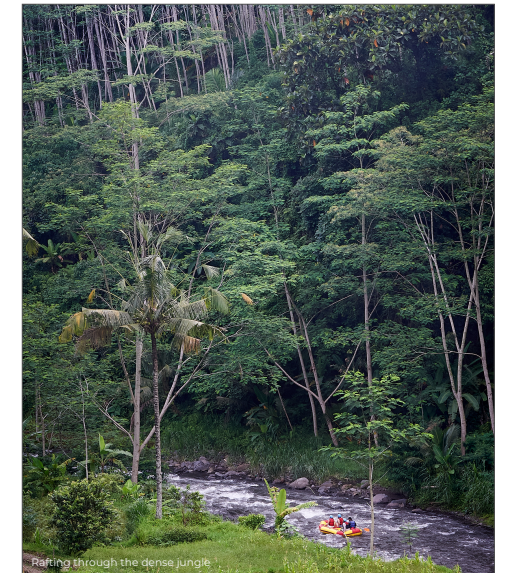

**Note:** Depending on group size, a number of helicopter charters are available. We would recommend half the group travel by road, the other by helicopter and reverse on the return. If budget does not allow for helicopters, this program can be offered by road in each direction, however, will increase time to a longer full day.

### QUAD BIKE ADVENTURE

DEPART 14:00 / RETURN 17:00

We head further into the hills and bucolic countryside of Gianyar Regency to a Quad Bike base for an afternoon of fun and adventure.

The quad bikes are professionally maintained and the team behind this activity ensures safety comes first. A trail run and lesson are conducted before hand.

We then commence to enter the jungle encroached valley as we conquer muddy terrain, transverse bamboo forests and enter viaducts and tunnels submerged in water. As we exit the tunnel we drive under waterfalls flowing down from the cliffs for a refreshing natural shower.

## BALI BLESSING & PURIFICATION

DEPART 14:00 RETURN 17:00

Today's program will take you on a journey to discover the spiritual side and central area of Bali. The program will start at the Taman Beji Griya waterfall, a relatively unknown waterfall that was only recently opened to the general public. The area will be privatised for your visit.

Led by a local priest you will partake in a purification ceremony (Melukat), which consists of 4 stages. The Melukat involves chanting, offerings, meditation, prayer, and a ritualistic bath in the holy spring water, known as "Tirta". Holy water forms the basis for a large number of rites and rituals in Bali, including christenings, cremations and numerous Hindu occasions.

After melukat finishes, drying off and changing your clothes, we depart for Sangeh Monkey Forest. Meet more than hundreds of long-tailed monkey in this 10 hectares area that is dominated by beautiful Nutmeg Trees.

THE BOND VILLA, UBUD

Designed by Alexis Dornier, one of Bali's most influential architects, Bond creates a private & intimate space that feels open and connected to the world and nature around it.

Bond intends to bring people together whilst respecting diverse group dynamics and personal space. The owners and architect Alexis Dornier wanted to create a private & intimate space that still felt open and connected to the world and nature around them. One room is held by the jungle and is ideal for social activities and entertainment (or turn the room into a dance floor with a private DJ). The other living room feels open and spacious - ideal for network conversations and the place to enjoy your private chef's creations.
